18/04	<b>Animation Theme:</b> Journey to the land of dreams.
<b>Details:</b>	<p><b>At our Animation Club:</b> We teach the children a range of techniques to create short films that they take home with them on a DVD. For each activity the children are given a theme to work to; for example over February half term the theme was 'Attack of the Killer Cabbages'. The children then work in pairs or small groups to create a storyline and, if doing stop frame animation, they create a backdrop to film in front of. The backdrop is usually drawn and painted, but the children can use the wide range of art materials that we have for the art classes.</p> <p><b>At our Music Clubs:</b> We teach the children how to create their own song, which they record and take home on a CD. The children work in pairs or small groups and use some music software to build up their piece of music. Once they have created it they then write and record their lyrics if they wish. Children don't need to have any musical knowledge to attend this club, but if they do have some musical skills they are very welcome to bring their instruments with them if they like. At the holiday clubs the animation &amp; music clubs run for a whole day. We break for lunch between 12.30 and 1.30pm. All materials are provided, children just need a packed lunch</p>
